

Yellow is the New Green in Marietta

Historic Marietta Trolley Company Rolls Out Pedicab Service

April 22, 2010 – Marietta, Ga. - The Historic Marietta Trolley Company is proud to announce Marietta Pedicabs, a fun, environmentally friendly way to explore Historic Marietta. Hitting the streets on Earth Day 2010, these pedal-powered cabs pair on-demand taxi service with charming old-town street vitality. The three-wheeled cabs provide a convenient, comfortable, zero-emission mode of transportation around the vibrant Marietta Square and neighboring area. Marietta Pedicabs are available for guided tours, “hop-on, hop-off” service, dispatch and charter.

The pedicabs pair practical, eco-friendly transportation with the pedestrian-friendly luxuries of a gentle stroll. A safe, friendly and comfortable service, the pedicabs add excitement to a night out for dinner and a show and offer convenience to something as everyday as a trip to the Marietta Square or the farmer’s market. The pedicabs may also be scheduled for special events, such as weddings or corporate outings. Fares start as low as \$1.

“We are joining the growing ranks of smart cities across the United States that have embraced pedicab services, including Savannah, Portland, Boston, New York, and Austin,” said Cassandra Buckalew, co-owner of the Historic Marietta Trolley Company. “Pedicabs are faster than walking, can maneuver through traffic, and are more environmentally friendly than cars or cabs. And there are other advantages - the entertaining drivers, the comfortable ride, the sun and the breeze. Marietta’s pedicabs will join the Historic Marietta Trolley Company’s trolley as unique, stylish and comfortable options for getting riders where they need to go, and for discovering all that the historic Marietta Square has to offer.”

Marietta Pedicabs are located at 131 Church Street, right off the historic Marietta Square. Call 770-875-0147 for availability.
